The WelcomeBob Ecosystem

A connected system that links residents, devices, and administrators for simple, secure and smart building access.

Welcome**Bob** Admin System

A management platform where admins control users, access, data, and installations.

Welcome**Bob** Intercom

A digital doorphone that calls directly to residents' mobile phones, enabling easy communication and secure access.

Welcome**Bob** Cloud

The central hub that securely connects all devices, apps, and services in the WelcomeBob system.

Welcome**Bob** App

The resident app that receives intercom calls and allows door access directly from a smartphone.

Welcome**Bob** Doorbob

Turn your phone into a smart key. Registered users can unlock doors automatically and securely.

Welcome**Bob** Homebob

An in-home station for receiving calls and opening doors without needing a mobile phone.

Welcome**Bob** Messaging Platform

Delivers important updates and announcements instantly to all residents.
